ArtScape 2025-2026 Application

Art Place

12:00 AM - 12:00 AM EST

Please read all information before applying to ArtScape 2025-26

ArtScape Hendersonville is an annually changing, outdoor public-arts project that enriches the appeal of Hendersonville. Thirty banners displaying the original artwork of Henderson County artists are hung on Main Street, and the downtown avenues

ArtScape's corridor of colorful, waving banners brightens and enlivens Hendersonville's historic downtown area and creates a unique outdoor art gallery for tourists and locals. The ongoing support of this annual display confirms Hendersonville's commitment to art, creativity, and culture. They demonstrate tangibly the strong connection between the arts, local businesses, organizations, and individual art lovers.

ArtScape Hendersonville was founded in 2017 and is a program of the Art League of Henderson County.

This year's juror will be E. Vincent Martinez and Alex Page of Mirrorball Gallery, Tryon

Application Requirements:

Artists must be eighteen years old or older and live in Henderson County unless a member of the Art League of Henderson County

Only original artwork will be considered—no reproductions or giclées.

Artwork may be 2D, 3D, fine crafts, or photography.

When selecting entries, artists should consider:

Banner-display area is square—about 24" X 24".

Any size 2-D artwork or 3-D artwork can be submitted

You do not have to create a piece of work that is square, but keep in mind that the image on the banner will be square.

We do not squeeze an image to fit a square, but crop the image to square. 3-D images should have a suitable background to work in a square format.

Banners are displayed up high on a light pole. Thus, vibrant, high-contrast entries might be most appealing.

Artists may submit two pieces for one entry fee. But only one entry per artist will be

accepted.

All submitted artwork must be available for the exhibit, for sale and priced accordingly.

Application Fees:

\$35 - Art League Members

\$55 - Guest of the Art League - Non- Members

ALL current Art League Members are eligible to apply regardless of county of residence.

Applicants who are NOT Art League Members MUST be residents of Henderson County.

Submission deadline is February 1, 2025

Artists are responsible for submitting digital images of their original artwork. We highly recommend you crop your own images to square prior to submitting, but it is not required. The Art League reserves the right to crop images that are not square.

No frames or mats should be visible in your images.

Notification Process:

After the jury has completed its selection, the ArtScape committee will notify participating artists of results.

Accepted Artwork:

The artist's work and name, along with the name of the banner's sponsor, will appear on both sides of a durable-vinyl banner. Sponsorships are solicited by the ArtScape committee and provided by local businesses, organizations, and art lovers.

The City of Hendersonville hangs the banners annually on Main Street and the downtown avenues. The City maintains the banners throughout the duration of the

exhibit.

Marketing Information:

The ArtScape committee produces marketing materials and a map of the banner.

Reveal Event:

An exhibition of the original work and a reveal of the printed banners will be held sometime in May. Further details will be provided prior to the event.

Before you apply:

You will be required to provide the following during the application process:

Upload an image of your artwork (up to two entries). The ArtScape Committee reserves the right to crop artwork to square if you do not crop your own images. The banner images must be square.

Your images should be named: Last Name-First Name-1 or Last Name-First Name-2 (Example Doe-Jane-1).

It is recommended that you apply on a computer, not on your phone so that you have access to your images.

Dynamic Layered Vision Boards

The Art Place Studio Classroom

2015 Asheville Hwy

Hendersonville, NC 28791

10:00 AM - 12:30 PM EST

Instructor: Kara Ashley-Gilmore

Date: January 11, 10:00am to 12:30 pm

Location: The Art Place Studio Classroom

Fee: Members: \$30 + 10, Non-members: \$45.00 + 10

Maximum Class Size: 12

About the Class: Join us as we create multi-layered vision boards which incorporate aspects of our identities, goals, guiding words for this next phase of life, symbols, poems, quotes, and space to add additional elements over time. Like you, your vision board is layered & dynamic. It is meant to shift, change, and develop as you experience joys and challenges throughout your life.

Think of this process as an invitation to bring forward the experiences you want more of:

-How do you want to feel?

-What theme do you want to explore?

-What could all of this look like?

We will incorporate writing, painting, simple doodle-drawing, and collage. My hope is that you'll feel the freedom to experiment and play, so you'll leave this workshop with a completed vision board that is uniquely yours, and that you'll be excited to view and reference throughout time.

Supplies: The supply fee covers one 17x13 bulletin board for each participant. Additionally, various papers, magazines, craft paints, collage materials, markers, and ephemera will be available to share. You are welcome to bring any photographs or poems that you would like to include on your vision board.

Artist Bio: Kara Ashley-Gilmore believes in the use of our innate creativity for our wellness and healing. She is a Licensed Clinical Mental Health Counselor, Board Certified Art Therapist, Somatic Experiencing Practitioner, and a mixed-media artist at the Art Place Studios, in Hendersonville. As an artist, Kara paints intuitively, often incorporating bright colors with layers of paint, text, and collage, to process life and express themes of hope and encouragement. Art-making has always been an important part of her self-care, and her studio is her personal space to experiment and play. Ultimately, all of her work is about helping people be more creative, use their creativity for personal growth, and incorporate creativity into their daily lives. Her art therapy workshops are tailored to those who appreciate opportunities for creative exploration—with gentle guidance—in a non-judgemental, quiet atmosphere.

Like all art-making, this workshop may be therapeutic, but it is not a substitute for therapy. Privacy in the Art Place Studio classroom is not guaranteed. We ask that all attendees keep confidentiality: Don't share other group members' stories or personal information without express permission. You are welcome to share your experiences and insights using "I-statements," but refrain from advice-giving or problem-solving for others unless specifically requested.

Somatic Art and Relationships with Judi Moolten

Art Place Gallery Classroom

2021 Asheville Hwy

Hendersonville, NC 28791

11:00 AM - 02:00 PM EST

Instructor: Judi Moolten

Date: March 6, 11-1pm

Location: The Art Place Gallery Classroom

Fee: Members: \$50., Non-members: \$ 65

Maximum Class Size: 25

About the Class: Relationships are one of the most rewarding — as well as the most frustrating aspects of our lives. Whether in intimate or work settings, the quality of our relationships has an enormous impact on the quality of how we live, our self-esteem, and our careers. Yet, we often find the behavior of others baffling — even if we have known them intimately for many years. Often, the things we do not understand in others are the greatest sources of problems and conflicts in our relationships. Clearly, the better we know ourselves and the people in our lives, the more harmonious and satisfying our relationships will be. This is a workshop for Couples. Couples will work together to connect through Somatic Art. We will access areas where the individual may be blocked from their artistic expression and how the couple may find a deeper connection through artistic communication. Using tools from EMDR/Bilateral Stimulation, Enneagram Typing/Character types, and IBSR Somatic mapping each participant will create a deeper connection with themselves and others.

We will remove unhealthy stress and open up the artist's palette to physical expressions of color, mental descriptors, and balancing of the art/science part of our brain, or organized side while opening it up to the fully self-expressed side. We will remove barriers to creativity and discover what artwork best suits you.

We will help participants recognize personal strengths as well as to uncover the blind spots that they bring to their relationships. If you want to improve your relationship with a spouse, child, friend, business associate, or family member, this Workshop will be invaluable.

What skills, experience or pre-requisites are required for this class?

Pre-req's teacher will send some materials via email for participants to fill out at least 24 hours before class. Participants will bring, tissue, a journal, favorite pens, pencils, and markers.

Participants will bring, tissue, a journal, favorite pens, pencils, and markers.

Now retired from the Mental health profession as a licensed clinician, she has found a way to disrupt behavioral health and the art world by bringing what was once used only in a clinical setting to treat unhealthy stress to the mainstream. Judi occasionally teaches, coaches, and supervises clinicians and non-mental health professionals in unhealthy stress that leads to trauma. Couples using Somatic Art are her specialty. She also teaches real estate agents how to apply stress-reducing tools to the art of communication between buyers and sellers of property. Did you know that 40 minutes of creating art lowers the level of cortisol (the stress hormone) in the body? Art really does heal, and it's fun, too. Join us on the third Sunday of the month to take a short creative break at our Collage Playshop. No experience necessary.

Creating art is just playing with materials. Most of us might already have our supplies ready and organized, but just don't have or take the time to play and create! This free Sunday session offers the time, space, and supplies to encourage playing and creating to anyone who is interested.

Kate will provide an embarrassment of collage supplies (including magazines, catalogs, glue sticks, foundation, etc.) to get folks started. Attendees can bring something they're already working on, their own images, magazines, etc. (be sure to bring your own scissors!) Prompts will be offered, but it's completely up to you what you want to collage! This is a casual gathering to bring community together to create art and everyone is welcome to join! Bring a friend!

This event is free but requires registration. There is a \$5.00 room use fee that will be collected and given to the Art League.
